

# A very simple webpage. This is an "h1" level header.

## This is a level h2 header.

This is a level h6 header. Pretty small!

This is a standard paragraph.

centerNow I've aligned it in the center of the screen.

rightNow aligned to the right

**Bold text**

**Strongly emphasized text** Can you tell the difference vs. bold?

*Italics*

*Emphasized text* Just like Italics!

## How about a nice ordered list!

1. This little piggy went to market
2. This little piggy went to SB228 class
3. This little piggy went to an expensive restaurant in Downtown Palo Alto
4. This little piggy ate too much at Indian Buffet.
5. This little piggy got lost

## Unordered list

- First element
- Second element
- Third element

And finally, how about some
